

EAGLES START WITH VICTORY

Defeated O'Learys In Opening Bowling Game.

OF THE INTERCITY SERIES

McDonald Was High Man of the Evening With 230 for a Single String and 568 for Three-string Total.

The Inter-city bowling league was opened in this city last evening, the Eagles and O'Learys rolling at Alexander's alleys.

In the match at Alexander's the Eagles took two strings and were defeated by six pins in the third. McDonald of the Eagles was high man, with best single of 230, and best three-string total of 568. The closest match was between Trenoweth and Dewey, the latter taking the first and last and Trenoweth going far ahead in the second.

The score:

EAGLES	O'LEARYS
Dewey 187 178 166-531	Trenoweth 158 211 157-526
McDonald 220 198 150-568	Noonan 189 178 150-517
Brown 175 147 162-484	Burnham 138 131 168-437
Ratchelder 136 149 132-407	Charbonneau 184 146 170-500
Averill 148 180 174-502	Dean 132 120 145-397
Totals 866 832 784-2502	Totals 801 786 790-2577

There was no game at Montpelier last night between the Capitals and Students for the reason that Capt. Feit did not show up. His train was seven hours late. The other members of the two teams were present and after a time decided to postpone the match.

BURLINGTON HIGH DISBANDS.

Injuring of Two Players Prevents Carrying Out of Schedule.

Because two of the best players will be unable to play more this season, as the result of injuries received in last Saturday's game, with St. Albans, and since the team has but one more game scheduled, it has been decided that the Burlington high school team will play no more football this season.

The two men who were injured are Captain Andrews and Keisick. Andrews was laid out for some minutes when he was thrown back of his goal line for the safety which gave the visiting team the game. Keisick was hurt in another scrimmage and carried from the field. Both the men are able to be out and at school.

With these two strong players gone from the team it is considered useless to continue a season which includes but one more regular game, and both the family and the members of the team consider that the disbanding of the team is a wise step.

The season was started with a schedule of eight games. Three of these games, the Bellows Free Academy and both the Montpelier seminary games, were cancelled by those teams. Burlington won three of the five games played, tied one and lost one, scoring 57 points to 7 by its opponents.

Following is a list of the games played, with scores:

October 4, St. Michael's Institute at Burlington, 26 to 0.
October 11, Montpelier high school at Montpelier, 5 to 0.
October 14, Middlebury high at Burlington, 10 to 0.
October 18, Montpelier high at Burlington, 21 to 0.
October 21, Middlebury high at Middlebury (disputed), 5 to 5.
October 24, St. Albans high at Burlington, 0 to 2.

GEORGETOWN NOT EXCITED.

Duffey's Avowal of Amateurism Was Satisfactory There.

Rev. J. L. Maxey, the faculty controller of athletics at Georgetown university, speaking, it is understood, as a representative of the official opinion of the university, declares that both he and all the Georgetown authorities are satisfied with the statements Duffey made as to his amateur standing while a student in the university. Rev. Mr. Maxey further declared that the Georgetown authorities believed Duffey's published articles will do much toward purifying college athletics. As to the rumors that Georgetown will be called upon to explain its attitude in endorsing Duffey's entry in the intercollegiate sports, Rev. Mr. Maxey says:

"That is merely a ruse to stir up a fight in the intercollegiate athletic association, and I don't believe the officials of the association will take up the matter. Arthur Duffey's articles giving his experiences as a professional amateur will do much good, let them hit whom they will. The entire fault in this matter lies with coaches, and the power to rid a university of that fault lies with the president and the board of official governors of the university. So far as Georgetown is officially concerned, we are unanimously in favor of any measure, no matter how drastic or whom it will hit, which will tend to purify athletics. Something must be done, and if the articles by Duffey will bring about the desired effect Georgetown wishes his efforts every measure of success."

It is said that Georgetown will take no further notice of Duffey's statement.

Los Angeles, Cal., Nov. 2.—Valter Scott, who was thrown from an automobile while racing at breakneck speed to win a wager of \$300, is in a dangerous condition, and if he lives will be a cripple for life. His physicians say his back has been so severely wrenched that concussion of the spinal cord has resulted.

WRIGHT TO GO BACK.

At Banquet at Manila Says He Will Work for Islands.

New York, Nov. 2.—A Manila cable dispatch to the Sun says: A popular banquet was given here last night in honor of Gov. Wright, who will soon return to the United States. There were 350 guests. Speeches were made by two Filipinos, a Spaniard, an Englishman and two Americans, all of whom extolled Gov. Wright's administration. Gov. Wright said that he and his colleagues had expended their best efforts for all the people. They had not departed from President McKinley's instructions. He added that the old epoch had ended in face of the industrial problems confronting them. The most suspicious Filipino should trust the Americans and welcome foreign capital to the islands. He made a strong plea for commercial stimulation. In conclusion he said:

"My purpose in going home, besides getting a rest, is to advance measures for the benefit of the islands. I expect to return in six months."

"DESERVED TO DIE."

So Negro Bell Boy Said of the Killed Editor Thompson.

New York, Nov. 2.—Further light on the recent mysterious murder of Jacob H. Thompson, exchange editor of the New York Times, was obtained by the police yesterday.

When Mamie Gilson, the negress who knew the colored bell boy, Richard Hannibal, was arraigned in court yesterday, she said that Hannibal told her that, if she was ever questioned about the murder, she must say that Hannibal spent the night of Thompson's death at her house. He was not there that night, the girl testifies.

She said that the bell boy told her that he did not murder Thompson, but that he ought to have been murdered, because of the small tips he gave. The colored girl was arraigned in connection with Hannibal's death, as the bell boy was found with his throat cut, after he had quarrelled with and wounded her recently.

WASHINGTON NEWS AND NOTES

The New Public Printer Is a Young Man.

NO POLITICS IN CASE

Episcopal Testimonial to the President—Brief News Items Relating to Affairs in Washington.

Washington, Nov. 2.—The announcement made at the White House that the president has appointed Charles A. Stillings of Boston public printer of the United States reveals the fact that Mr. Stillings now resides in New York city, where he is manager of the Printers' Board of Trade. He is thirty-two years old and has been engaged in the printing business for sixteen years, having entered the printing office of his father in Boston when a boy. For a time he was employed as manager of the Washington Printers' Board of Trade, and while here devoted himself to a study of conditions in the government printing office, of which he now becomes head. Mr. Stillings was appointed without regard to political influence, although the assent to his selection of the Massachusetts senators, Lodge and Crane, was obtained by the president. He had the highest professional endorsements. He was endorsed by numerous large printing houses, including Theodore L. DeVinne & Co., Rogers & Co. of Chicago and New York, the Methodist Book Concern, the Mudge Press of Boston, and others.

Canadian Fisheries Again.

Two questions regarding the right of American fishermen to operate in Newfoundland waters are pending between this government and Canada. One is as to the right of the Newfoundland government to seize American ships, take them to a harbor and hale the master before a court to be examined as to his title, and the other is as to that part of the Newfoundland law which declares that the presence upon a ship of fishing gear or fish shall constitute prima facie evidence of infringement of the fishery laws.

Episcopalians Praise Roosevelt.

President Roosevelt was Tuesday presented with a neatly framed testimonial inscribed on parchment, which had been adopted by the College of Bishops of the Methodist Episcopal church, which has just closed its semi-annual conference here. Bishop Foss read the testimonial to the president, which congratulated him on his firm stand for civil righteousness and a "square deal" for everyone, which it termed a modern application of the golden rule in the executive affairs of a great nation. Mr. Roosevelt expressed his cordial appreciation of the tribute paid him.

Reception to Mrs. McLean.

The President and Mrs. Roosevelt, cabinet officers, members of the diplomatic corps and numerous prominent public Washingtonians, all with their wives, will be invited to attend the reception of Mrs. Donald McLean, president general of the National Society Daughters of the American Revolution, which is to be given here on the evening of Dec. 6 under the auspices of the District of Columbia chapter.

Last of April for Inauguration.

The proposed meeting of the committee to consider the question of changing the date of the inauguration of the president of the United States from the 4th of March has been postponed from Nov. 8 until Nov. 28. A large majority of the members of the committee are governors of states, and the change was made to avoid conflict with a meeting of the governors of the Southern states. Most of the members of the committee who have been heard from favor the last Thursday in April for inauguration day.

"Shylock" Clerks Dismissed.

Secretary Hitchcock has ordered the dismissal from service of four clerks in the pension bureau accused of lending money at usurious rates of interest. The clerks are George H. Graft, George S. Livingston and Joshua R. Hayes, all receiving salaries of \$1,500, and George R. Marble, whose salary was \$1,400.

Orders for French Fleet Stand.

Ambassador Jusserand had a talk on Tuesday evening with the president about Venezuelan matters. It is learned that the situation is such that the French government does not feel justified in countermanding the orders issued for a French fleet to assemble at Martinique ready for any eventualities in case the French demand is not met in a proper spirit.

EXTRA PAY DUE VOLUNTEERS.

Decision of Court of Claims in Favor of Vermonters.

Washington, D. C., Nov. 2.—The court of claims has again begun the announcement of judgments in claims for extra pay in lieu of furlough, from Spanish war soldiers. New England claims of this character that were recently allowed are:

Martin J. Healy, 9th Massachusetts Infantry, \$125; Albert R. Fallows, 6th Massachusetts Infantry, \$300; James C. Smith, 6th Massachusetts Infantry, \$250; John F. WATCH THE REPORTS RED FLAGS

If You Want to Know Which Patent Medicines Are to Be Classed as Liquors, Look for the Reports of the Internal Revenue Department.

The Commissioner of Internal Revenue has decided, and justly so, that some patent medicines contain sufficient alcohol to class them as liquors. This ruling has long been looked for by those who have watched conditions. The careful observer the enormous sales achieved by some of these so-called remedies is due to some other reason than their curative properties.

Physicians and laymen conversant with the subject have long maintained that the demand for certain patent medicines was created by the taste for alcohol thus acquired, and now the United States government has taken notice of this evil. Chemical tests are now being made in the government laboratories at Washington, and those so-called remedies containing a certain percentage of alcohol cannot be sold hereafter without the druggist or dealer procuring a license for the sale of liquor.

Watch as long as you may, and you will not see the name of Magee's (Malt) Emulsion on the list. The reason is that this wonderful body builder is a FOOD, and who ever heard of food containing alcohol? Before taking any remedy it is well to look into its ingredients. If you take a certain preparation contained a poison, such as strychnine for instance, would you take it? Of course you wouldn't. Why, then, should you take a mixture the chief ingredient of which is alcohol, a poison?

In claiming the attention of the public for Magee's (Malt) Emulsion, the promoters of this food have been careful regarding it that there is. It is made of Pure Norwegian Cold Liver Oil, Syrup, Non-Alcoholic, Diastatic, Malt Extract, Hypophosphites of Lime and Soda and flavored with wintergreen. Nothing else enters into its composition. This combination is a food—not a medicine. Magee's (Malt) Emulsion is for Colds, Coughs, Pulmonary affections, weakened systems and thin blooded people or anemics. It builds up the tissues, enriches the blood and makes fat. Alcohol destroys all this. Which will you take?

It may be procured of E. A. Drown, Druggist, 48 North Main street, Barre.

mont Infantry, \$150; Charles H. Lundon, 1st Vermont Infantry, \$125; Sullivan W. Emerson, 1st Vermont Infantry, \$58.33; Herbert A. Lougee, 1st Vermont Infantry, \$116.67; Charles A. Celley, 1st Vermont Infantry, \$37.50. Soldiers who served outside the limits of the United States are entitled to two months' extra pay, and those who did not get farther than encampments in this country get one month's extra pay, in lieu of furloughs that were at first granted the returning volunteers at the close of the war.

NEWBURY SWORN.

Is Already Acting Secretary of the Navy.

Washington, Nov. 2.—Truman H. Newbury, of Detroit, yesterday took the oath of office as Assistant Secretary of the Navy. It so happens that on the first day of his regime he is acting secretary, Mr. Bonaparte being away. The oath of office was administered by Solicitor Hamm of the Judge Advocate General's office.

CUPID IN THE HOSPITAL.

But Not as an Invalid, However—A Marriage Ceremony.

Montpelier, Nov. 2.—The marriage of Susan McKee, daughter of Mr. and Mrs. John McKee of Brown's Mills, to Harold Cleveland Willard of Richmond occurred yesterday afternoon at 2 o'clock at the home of Rev. J. Edward Wright, the officiating clergyman. The bride is an estimable young lady. She has spent most of her life with her parents but for some time she has been employed as an office and ward maid at Heaton hospital. Mr. McKee is a farmer living near the Wilbur Brown farm at Brown's Mills. The groom is a farmer in Richmond. Mr. Willard came to Montpelier early in the spring and was for some time janitor at the hotel. He was during their association in the institution that the groom did his work. Mr. and Mrs. Willard left on a wedding trip after which they will live in Richmond. The young couple carry with them the best wishes of many friends.

RED FLAGS

"Old Glory" Cheered By Men Who Haul Down Tammany.

RIOTS OVER BANNERS

R. Fulton Cutting of Citizens' Union Is Out for Ivins for Mayor—Betting Odds Increase in Favor of Jerome.

New York, Nov. 2.—Scenes of disorder, clearly approximating riots—similar to the disturbance in City Hall Park Tuesday afternoon, when a crowd attempted to remove an anti-Hearst banner on Park row—were twice enacted yesterday along Broadway at the luncheon hour. As Tuesday, the thing which seemed to enrage the populace was the juxtaposition of the red flag of anarchy and the stars and stripes, which depended beneath the one word, "Which?"

The attacks yesterday upon the Tammany banners occurred at Fourth street and Broadway and on Union square, Seventeenth street and Broadway. The excited crowd spat upon the red flags and tore them in pieces. The national colors were preserved unhurt. Before the police had restored order, street cars had been blocked and one arrested had been made.

The banner at Fourth street was a large one. Several hundred people stood around the corner during the morning, but no one had made any attempt to tear it down. At noon, however, the crowd was augmented by released clerks until there were fully 2,000 persons blocking the street, cars having come to a standstill. The flaunting of the Anarchist emblem was generally condemned and finally Charles H. Solomon, who stated afterward that he was not a Hearst sympathizer, jumped upon a dry goods box and began to harangue those about him.

Solomon denounced Tammany Hall for permitting such an outrage. The crowd urged him on, accompanying almost every remark with cheers. The excitement was intensified when a well-dressed young man shouted:

"I'll do it. I'll cut it down. We'll get rid of that flag of anarchy."

There was a roar from the assemblage that was heard for blocks. A lane through the crowd to the pole was quickly made for the volunteer, while willing hands lifted him until he got a firm grasp on the pole and began to climb.

The climber, who proved to be Edward Halle, climbed up the pole with the agility of a sailor, and pulling out a jackknife, hacked the cord which held the flags suspended, and they fell to the street.

The mob's attitude toward the two flags was noticeable. On the side of the street where the stars and stripes tell many heads were uncovered, and several men carefully folded the flag and lifted it out of harm's way. But the Anarchist red was pounced upon with a yell. A score of hands dragged it through the street, tramping and spitting upon it, kicking at it and finally tearing it into shreds.

By this time the police had become alive to the fact that a mob was destroying property on Broadway and hurried to the corner. Beating their way through the crowd where young Halle was the center of a crowd of enthusiastic admirers, several of them seized him. Patrolman Rogers formally made him a prisoner and started with him for the station house. The crowd jeered and denounced the police, and seven hundred men, shouting and insulting the patrolmen, followed the young man and his captor.

Benjamin Franklin, a lawyer, was notified and appeared in a short time as counsel for Halle. He insisted that Halle be arraigned at once, and the prisoner was taken to the Jefferson Market court, charged with disorderly conduct.

Mayor McClellan yesterday expressed disapproval of the use made of the red flag on some of the Tammany banners, and also directed that the speakers supporting him must not be guilty of personal abuse of any of the opposing candidates.

Charles F. Murphy, leader of Tammany Hall, said yesterday that Tammany had nothing to do with the erection of the political displays on which the American flag and the red flag were placed side by side. "We have nothing to do with them," said Mr. Murphy. "Those flags were put up by business men."

CUTTING FOR IVINS.

Citizens' Union Notes to Be Cast for Republican Candidate.

New York, Nov. 2.—R. Fulton Cutting is out for the candidacy of William M. Ivins. He gives his reasons for picking the Republican candidate as the best choice of the three now running for mayor. Up to yesterday Mr. Cutting had remained silent as to his position in the present campaign, and had repeatedly declined to come out for either candidate. He claimed that his whole attention was being devoted to the election of William Travers Jerome.

The endorsement of Mr. Ivins by the chairman of the Citizens' Union in this, the last week of the campaign, was regarded as significant, and as meaning that a large number of Citizens' Union votes will be cast in favor of the head of the Republican ticket.

TWO TO ONE ON JEROME.

Big Jump in Odds in Favor of District Attorney—McClellan 2½ to 1.

New York, Nov. 2.—On the curb yesterday the feature of election betting was a sensational lengthening of odds in favor of Jerome. While the odds Tuesday were 10 to 6, with no takers,

No woman can look beautiful without good health. A woman's good health depends on those organs peculiarly feminine, and which so often become diseased, causing misery and dragging down pain. Nature's laws are perfect, health endures if you obey them, but disease follows disobedience. The distressing complaints of women are often brought about by catching cold at a critical period, breathing foul indoor air and long hours of work and nervous tension. Go straight to Nature for the cure—to the forest. Dr. Pierce's Favorite Prescription is Nature's cure for the distressing complaints of women. Prof. King, M. D., in his American Dispensatory, says of Black Cohosh or Black Snake-root—"our early American Indians set a high value on this root in diseases of women. It is surpassed by no other drug, in congestive conditions of the parts where there are dragging pains and tenderness."

Lady's Slipper root is a "nerve stimulant and tonic, improving both circulation and nutrition of the nerve centers, favoring sleep and cheerful condition of the mind, of service in mental depression, nervous headache, irregularities of women with dependency." Prof. King, M. D., says the above ingredients there are—Golden Seal, Unicorn and Blue Cohosh roots in Dr. Pierce's Favorite Prescription.

Dr. Pierce's Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 3 stamps. Over 100 pages and illustrated. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

2 to 1 on the district attorney's election was the record yesterday, with 4 to 10 bid.

The odds on Mayor McClellan continued to rise at 2½ to 1. Charles H. Marshall of 2 Wall street offered \$500 to \$500 that Hearst will poll more votes than Ivins, and \$700 to \$1,000 that the majority contest will end with McClellan first, Hearst second, and Ivins third.

Even money was offered that Hearst will receive 160,000 votes, while several wagers were made that he will receive 170,000.

AMUSEMENTS.

"Buster Brown."

"Buster Brown," which is to be given at the opera house this evening, should prove an especially fitting offering. Buster and his dog, Tige, will assuredly delight all the youngsters, and the spectacular setting, the musical features,

the ballet and the group of gorgeous "show girls," should prove equally potent with their elders. Buster Brown is the most popular figure that the funny pages of any great daily has made prominent. Buster is acted by a clever comedian, while a well known animal impersonator will be Tige. There are about fifty people in the performance.

W. C. T. U. Re-elects All Officers.

Los Angeles, Cal., Nov. 2.—The National Women's Christian Temperance Union in annual convention in this city Tuesday re-elected all the officers of the organization now serving as executive heads. For president, Mrs. Lillian M. N. Stevens of Maine received 427 out of 475 ballots cast and her election subsequently was made unanimous. Miss Anna Gordon of Boston was chosen vice president without opposition.

RED CROSS PHARMACY.

FAULTY PRESCRIPTIONS.

Brattleboro Druggists Are to Be Called to Amend.

Within the next two days State Attorney H. D. Ryder, of Bellows Falls, will send a written notice to the four Brattleboro druggists, F. H. Holden & Co., George E. Greene, C. E. Graftam, and C. F. Thomas, calling their attention to certain technical defects in prescriptions for intoxicating liquor which they have filled and notifying them that the letter of the liquor law must be fulfilled. In looking over the records of the sales of liquor by the druggists which records are filed with the county clerk every month, Mr. Ryder has found that certain requirements of the liquor law have been ignored. The fault primarily is with the physicians, who have not made out their prescriptions as the law says they must be made out before they can be filled, but the state's attorney will look to the druggists to have the defects remedied, as they are the holders of the licenses.

Their course will be to refuse to fill prescriptions that do not accord with the statutes. The law provides that each prescription shall state to whom and for whom it is given and that the prescription is given and is necessary for medicinal use. In September the number of liquor prescriptions filled in
